May 15, 2020

Dear Parkland Families:

Following the ECNL announcement yesterday, acknowledging the ECNL Boys Regional League –Florida division, the Parkland Soccer Club is excited to be part of this new opportunity to participate in a high level youth competition.

***"Five years ago when I started, it's always been my vision for Parkland and kids in this area to have a national exposure, and not be limited to just a town and travel exposure. When RLC Management was offered to manage the program five years ago, it gave me the opportunity to incorporate my belief, small club with big ambition. When developing a pathway for player's development you always need a goal and college placement for players within our club was a pinnacle, which is why I fought hard for us to acquire the ECNL brand off the field so that our kids will have a platform achieve their college placement. I am excited as a club we did this together, thanks to the players and coaches for the on the field aspect,"*** said Parkland Soccer Club Director of Coaching, Roger Thomas.

The ECNL Boys Regional league Florida division fits in well with Parkland club's philosophy since it will develop a pathway either college or professional.
The Elite Player Pathway will provide competition for the U13, U14, U15, U16, U17, U18/19 age groups.

RLC Management Director of Operations, Laurie Thomas said, ***"I was so excited when the announcement came out because I have fortunate to be a part of this over the last 5 years with everything that Parkland and RLC Management has developed over the years, to have earn this selection is a phenomenal achievement."***

The Parkland coaching staff has been preparing for this next step for the last 5 years and is ready to enter this new phase of national exposure and competition play as a result of this ECNL-R selection.
